This part prescribes requirements for obtaining financial protection against damages under sealed bid and negotiated contracts. It covers bid guarantees, bonds, sureties, and insurance. The terms *bid* and *bidders* include *proposal* and *offerors*.

[48 FR 42286, Sept. 19, 1983, as amended at 50 FR 1743, Jan. 11, 1985; 50 FR 52429, Dec. 23, 1985]

28.001 Definitions.

Attorney-in-fact, as used in this part, means an agent, independent agent, underwriter, or any other company or individual holding a power of attorney granted by a surety (see also *power of attorney*).

Bid guarantee means a form of security assuring that the bidder (a) will not withdraw a bid within the period specified for acceptance and (b) will execute a written contract and furnish required bonds, including any necessary coinsurance or reinsurance agreements, within the time specified in the bid, unless a longer time is allowed, after receipt of the specified forms.

Bond means a written instrument executed by a bidder or contractor (the "principal"), and a second party ("the surety" or "sureties") (except as provided in 28.204), to assure fulfillment of the principal's obligations to a third party (the "obligee" or "Government"), identified in the bond. If the principal's obligations are not met, the bond assures payment, to the extent stipulated, of any loss sustained by the obligee. The types of bonds and related documents are as follows:

(a) An advance payment bond secures fulfillment of the contractor's obligations under an advance payment provision.

(b) An annual bid bond is a single bond furnished by a bidder, in lieu of

separate bid bonds, which secures all bids (on other than construction contracts) requiring bonds submitted during a specific Government fiscal year.

(c) An annual performance bond is a single bond furnished by a contractor, in lieu of separate performance bonds, to secure fulfillment of the contractor's obligations under contracts (other than construction contracts) requiring bonds entered into during a specific Government fiscal year.

(d) A patent infringement bond secures fulfillment of the contractor's obligations under a patent provision.

(e) A payment bond assures payments as required by law to all persons supplying labor or material in the prosecution of the work provided for in the contract.

(f) A performance bond secures performance and fulfillment of the contractor's obligations under the contract.

Consent of surety means an acknowledgment by a surety that its bond given in connection with a contract continues to apply to the contract as modified.

Insurance, as used in this part, means a contract which provides that for a stipulated consideration, one party undertakes to indemnify another against loss, damage, or liability arising from an unknown or contingent event.

Irrevocable letter of credit (ILC) means a written commitment by a federally insured financial institution to pay all or part of a stated amount of money until the expiration date of the letter, upon presentation by the Government (the beneficiary) of a written demand therefor. Neither the financial institution nor the offeror/contractor can revoke or condition the letter of credit.

Penal sum or penal amount means the amount of money specified in a bond (or a percentage of the bid price in a bid bond) as the maximum payment for which the surety is obligated or the amount of security required to be pledged to the Government in lieu of a corporate or individual surety for the bond.

Power of attorney, as used in this part, means the authority given one person or corporation to act for and obligate another, as specified in the instrument creating the power; in cor-

porate suretyship, an instrument under seal which appoints an attorney-in-fact to act in behalf of a surety company in signing bonds (see also *attorney-in-fact*).

Reinsurance means a transaction which provides that a surety, for a consideration, agrees to indemnify another surety against loss which the latter may sustain under a bond which it has issued.

Surety means an individual or corporation legally liable for the debt, default, or failure of a principal to satisfy a contractual obligation. The types of sureties referred to are as follows:

(a) An individual surety is one person, as distinguished from a business entity, who is liable for the entire penal amount of the bond.

(b) A corporate surety is licensed under various insurance laws and, under its charter, has legal power to act as surety for others.

(c) A cosurety is one of two or more sureties that are jointly liable for the penal sum of the bond. A limit of liability for each surety may be stated.
